

## MAKE DRIVE-THRU A PERSONAL EXPERIENCE

Pharmacy Audio and Video

The Hamilton Pharmacy Audio and Video offerings are designed with the highest clarity to make the drive-thru experience personal and easy as possible, for both customer and pharmacist.

**DUAL PHARMACIST UNIT**

**OUTDOOR UNIT**

**INDOOR UNIT**

*The system is made for Hamilton's drive-thru solutions, but also replaces non-Hamilton equipment.*

### Three Different Video Options

#### Indoor Pharmacist Unit

- ✓ Large 10" color LCD display connected to a lane
- ✓ Screen height and angle are easily adjustable
- ✓ Built-in color camera
- ✓ Comes with adjustable stand with an option of wall mounting
- ✓ Handset or headset audio
- ✓ When a Pharmacist Unit is also used you can easily transfer patients to a Pharmacist for consultation
- ✓ Hold features which indicates that a patient is already being served, suspending audio/video while filling prescription or consulting a Pharmacist

#### Outdoor Patient Unit

- ✓ Large 10" color LCD display
- ✓ Wide dynamic color camera
- ✓ Low maintenance stainless steel and ABS construction
- ✓ Built in audio, with optional handset
- ✓ Optional vehicle detection

#### Indoor Dual Lane Pharmacist Unit

- ✓ In addition to the single lane unit, includes dual audio handsets, clearly marked in different colors to indicate lane thus ensuring the communication is to the right patient

## DRIVE THRU AUDIO

- ✓ Consoles available to serve up to 12 remote drive-thru lanes
- ✓ Handset unit for Pharmacist/Tech to comply with HIPAA. Speaker/Microphone available
- ✓ Available with both speaker and an optional handset unit for the patient
- ✓ User selectable background "Noise Canceling" feature
- ✓ Easy change color-code system for drive-up lanes
- ✓ Membrane keypad rated for two million uses
- ✓ Standard in our Pharmacy Drawer but can also be installed as a replacement
- ✓ Combines easily with Hamilton's video systems

## WALK-UP PHARMACY

- ✓ Walk-up pharmacies are ideal when the space surrounding the pharmacy does not allow for a car drive thru
- ✓ Convenient feature in urban areas, where most customers arrive on foot
- ✓ Combine pneumatic tubes with audio/video units for conveniently servicing walk-up customers, especially convenient when the pharmacy is not at an outside wall
- ✓ Walk up pharmacy also available with window/drawer combination

**EXTRAORDINARY AUDIO CLARITY**

**A SOLUTION FOR EVERY PHARMACY TYPE**
