

The Monimax 5100T is a high-value, through-the-wall ATM that features advanced performance, exceptional reliability, and a wide variety of optional modules. This ATM can easily scale up after installation to suit growing demand.

Features

Powerful Performance

A Windows 7® open platform can handle any application software based on a WOSA/XFS platform. Opt for decreased transaction time, multi-media advertisements, and other advanced services and functions.

Multipurpose

Walk-up, drive-up, through-the-wall, and free-standing kiosk—all are available with the Monimax 5100T. It features a small footprint and compact architecture that offers flexible options at an affordable price.

Small Size, Large Display

An optional 10.4" sunlight-viewable color display is designed to perform clearly—inside or outside.

Superior quality, security and value.

Only with Nautilus Hyosung.

Now offering the most complete line of financial and retail ATMs.

The Monimax 5100T helps you build your ATM revenue with an affordable option that includes easy scalability.
